

Autodesk® Design Review 2010

Improve Process Efficiencies

- Review, mark up, measure, and manage markups
- Find and locate data
- Design document comparison

Communicate Clearly

- Built-in publishing from your Autodesk software
- Combine all project data
- Import markups into your Autodesk software

Reduce Costs

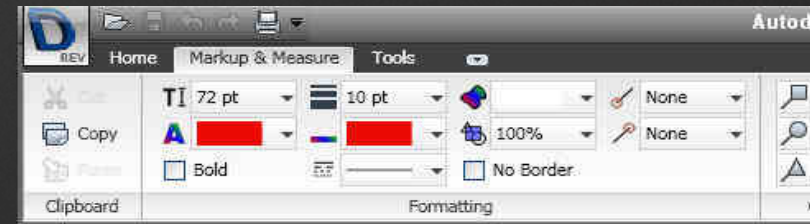

- Green collaboration with extended team
- Minimize overnight shipping
- Complete Autodesk solution

Autodesk Design Review 2010 – New Features

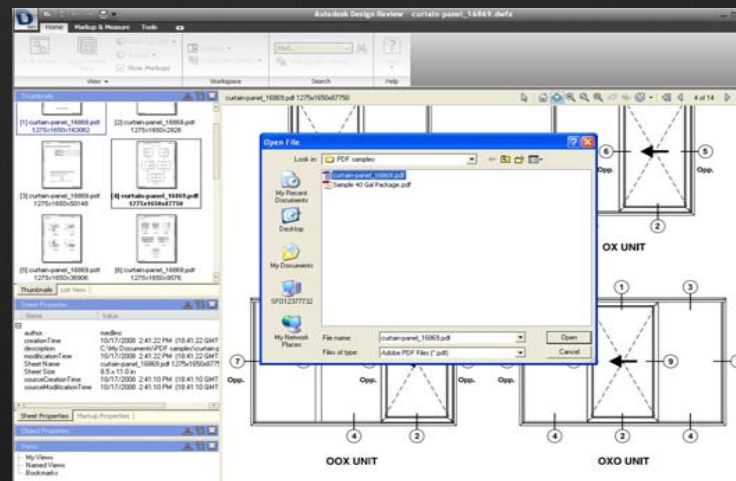

New Ribbon Interface

- New Autodesk standard
- Easy to learn, simple to use
- Tabs grouped based on workflow
- Common commands require fewer clicks

PDF and DWG Support

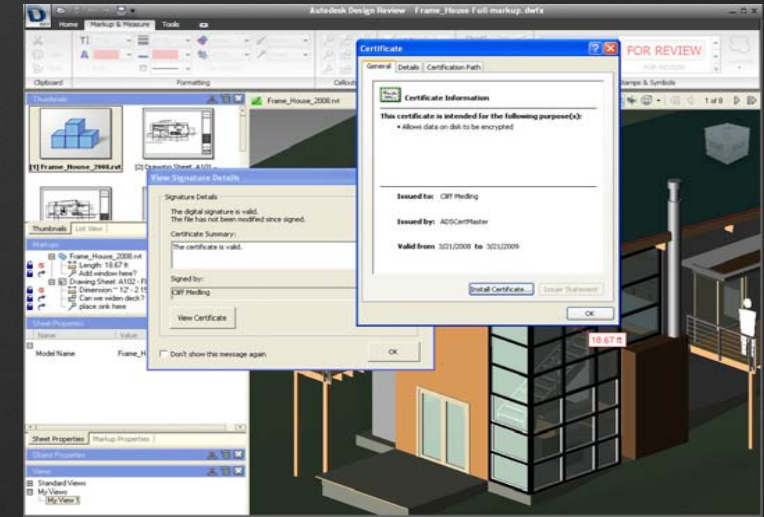

- View and mark up project information in DWF™, DWG™, or PDF formats
- Create a package of design information including PDF and DWF information in a single DWF file

Autodesk Design Review 2010 – New Features

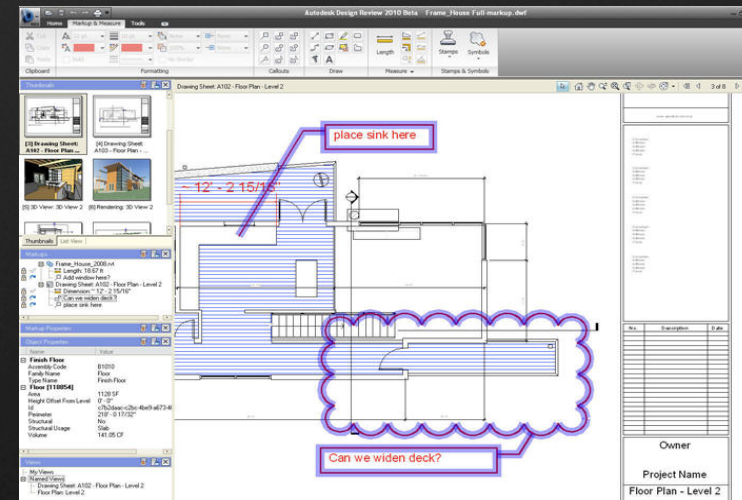

Digital Signature Support

- Apply digital signatures inside Autodesk Design Review
- Verify no changes have been made
- Support archival and secure submissions

Enhanced Markup

- Much easier with new interface
- Reduce accidental changes
- Additional font styles, line sizes and other tools
- Save markup summaries to CSV file

Dalpos Architects, AEC

Autodesk Design Review and Autodesk[®] Revit[®] Architecture:

- Design using a dynamic, 3D model
- Share 3D designs and manage changes electronically
- Produce construction documents faster (and without paper!)

Dalpos:

- Improving productivity by 80%
- Delivering twice as many preliminary designs to clients
- Saving thousands of employee hours over the life of a project

“Autodesk Design Review helps keep all of us on the same page—without paper.”

Scott Bloss – Senior BIM Technologist

Mechanical Studio, Manufacturing

Autodesk Design Review,
AutoCAD®, and Autodesk®
Inventor® software:

- Create and refine 3D designs quickly
- Collect more accurate feedback from clients
- Share 3D models with clients

Mechanical Studio:

- Saving at least three hours on design reviews with clients
- Accelerating the pace of international projects by several weeks
- Reducing the need for time-consuming and expensive travel

“We create 3D models in Autodesk Inventor or AutoCAD, and share them with Autodesk Design Review. Our design review process has never been smoother.”

Pablo Suarez – Founder and General Manager

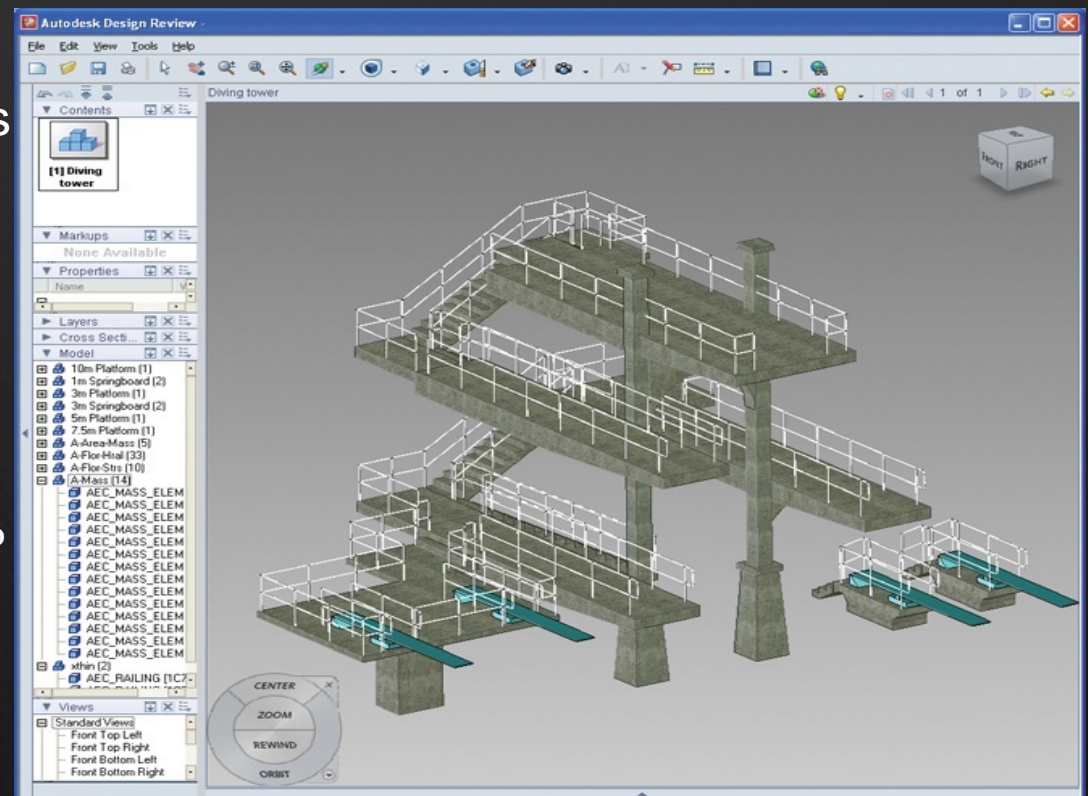

Water Technology, Inc., Civil and Aquatics Design

- Autodesk Design Review and AutoCAD:
 - Provide a complete environment for design and design reviews
 - Allow the firm to easily share designs with non-CAD users
 - Enable designers to roundtrip comments into designs

- Water Technology:
 - Starting initial designs as much as six hours sooner
 - Incorporating feedback as much as 85% faster
 - Winning new work with impressive presentations

"We're now able to work closely with architects, engineers, and our clients more easily."

Adam Pfister – Aquatics Designer

City of Vancouver, Canada Public Works

Autodesk Design Review:

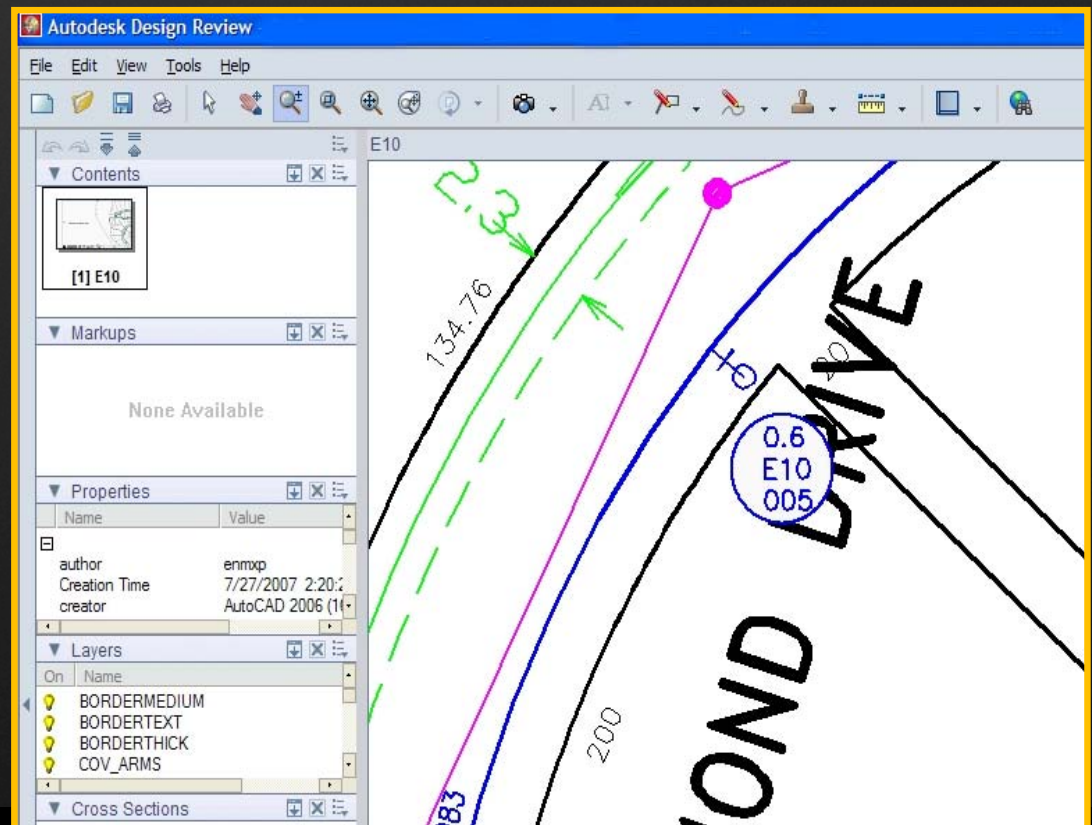

- Build an electronic hub for engineering information with more than 23,000 designs
- Share design information with field crews
- Embed attribute data into DWFs

The City of Vancouver:

- Finding equipment 10 times faster
- Maintaining services more effectively
- Saving time and reducing errors with more accurate measurements in the field

“Autodesk Design Review is the hub of our engineering processes—in the office and in the field.”

Richard Johnson – Business Team Lead

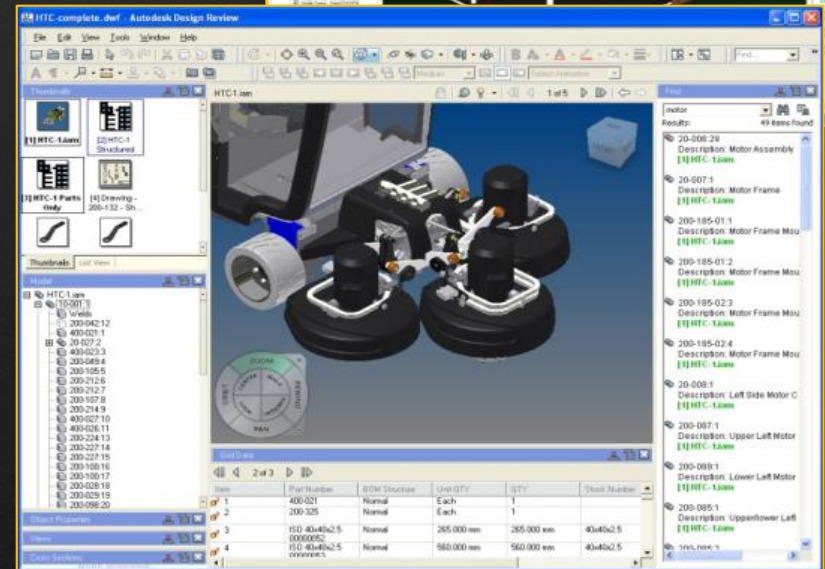

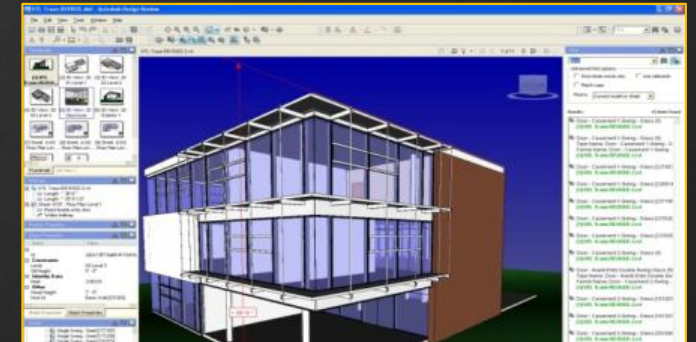

What about PDF?

Autodesk Design Review is a *design-centric* approach versus Adobe's *document-centric* approach

Autodesk Design Review & DWF(x) uniquely offer:

1. A **COMPLETE** solution
2. **CONNECTED** with Autodesk design applications
3. **COST-EFFECTIVE** for your customers
